Coalition Conferees Adjourn.

Conditions Made by Crown Repugnant to Hungarians, Asserts Resolution.

King-Empress's Weapon of Universal Suffrage Moderates Leaders' Views.

Francis Joseph Holds a Long Audience at Vienna With Magyar Ministers.

VIENNA, Oct. 3.—[By Atlantic Cable.] The plenary conference today of all the opposition parties, or the national assembly, as the coalition is called, passed off without any of the turbulence anticipated. The resolution approved this morning by a committee of the Coalitionist members of the Diet, endorsing the action of the coalition leaders after their audience with the King-Empress at Vienna, September 23, was submitted to the conference and adopted by a unanimous vote.

The resolution declares that the Coalitionists cannot undertake to form a cabinet on the conditions laid down by the Crown, and protests emphatically against a revision of the settlement of 1867 being made dependent on the Austrian view and against doubt being cast on Hungary's economic independence.

The resolution deprecates the constant propaganda of Parliament and demands that the King-Empress's moderation of the subject be discussed in Parliament, so that it may be ascertained who is responsible for the discussion.

As the Liberal deputies did not attend the conference, nothing has been gained by the Coalitionist cause. The prospect of the King-Empress agreeing to the use by the Fejervary Cabinet of universal suffrage as a weapon to fight the coalition seems to have had the effect of moderating the tone of the Coalitionist leaders at the conference, the proceedings of which were somewhat tame. It is the prevailing belief that the adoption of a platform including universal suffrage would bring to the support of the government an enormous body of peasant electors opposed to the Magyar Nationalist demands and thus place the Coalitionists in a decided minority.

CONFERENCE WITH EMPEROR. [BY THE ASSOCIATED PRESS.—P.M.] VIENNA, Oct. 3.—According to reports, the reappointment of the Fejervary Cabinet, empowered to carry out the elections in Hungary on the basis of a modified universal suffrage, is the outcome of the prolonged audience, which the King-Empress granted to Premier Fejervary and his colleagues today. The Premier was with His Majesty four and a half hours, the time being occupied by Minister of Interior Kristofy's explanation of his suffrage proposal. Nothing is officially known, however. It is reported that Kristofy succeeded in favorably impressing the King-Empress, who withdrew his opposition to the principle of manhood suffrage, but insisted on certain measures being taken, remarking that it was a "question of nationalities."

Subsequently, M. Lanyi, Hungarian Minister of Justice, was summoned to the palace. The audience with the ministers was largely devoted to the discussion of the scheme for universal suffrage. His Majesty postponed his decision, but as the Hungarian ministers are remaining it is expected that this will not be greatly delayed.

The President of the lower house of the Reichsrath was obliged to suspend the session today on account of a stormy demonstration on the part of the Czechs and Radicals.

JERRY SIMPSON DYING. WICHITA (Kan.) Oct. 3.—Ex-Congressman Jerry Simpson, who was brought here yesterday from Rowell, N. M., and placed in the St. Francis Hospital is in a critical condition, and is not expected to live through the night.

NEW ATLANTIC CABLE.

Steamship Colonia Arrives at Point of Splicing the American and Irish Ends.

BY DIRECT WIRE TO THE TIMES. CANNO (Nova Scotia) Oct. 3.—[Exclusive Dispatch.] The steamship Colonia, which sailed from here September 23, paying out the Commercial Cable Company's new Atlantic cable, reports that she arrived at 6 o'clock p. m. at a point 157 miles from the Irish coast, where she will make the final splice between the 2000 miles of cable she has paid out from the American side and the 157 miles of cable laid westward from the Irish coast by the steamship Cambria last June.

A southwest gale is blowing, which delays the final splice for the moment, but the completion of the cable is now only a question of a few hours.

NO DESIRE FOR A REPUBLIC.

NORWEGIANS NOT APPEALING TO THE STORTING.

Commercial and Shipping Interests at an Independent Meeting Resolve Against Submitting the Question of a Change in the Constitution to a Plebiscite.

BY THE ASSOCIATED PRESS.—P.M. CHRISTIANIA, Oct. 3.—[By Atlantic Cable.] The attempt to create agitation in favor of a Norwegian republic is finding no support from the country. The leaders of the movement appealed for addresses for presentation to the Storting in favor of a republican form of government, but so far the appeal has met with no response. The commercial and industrial interests appear to desire no disturbance of the existing order of things.

At an independent meeting here, today, of representatives of the commercial and shipping interests, it was unanimously resolved to present an address to the Storting declaring that the submission of the question of a change in the constitution to a plebiscite would greatly injure the country's economic interests. The country, the resolution said, wanted to remain a king and stable state, which would only be possible by limiting the national efforts to the platform adopted by the Storting June 1, the day the decision was reached to separate from Sweden, which favored the maintenance of the monarchical administration.

An address was drawn up embodying the foregoing, and in addition asking the Storting to ensure tranquility by the speedy election of a King. It was presented to the Storting by a special committee this evening.

EXPECTING A FROST.

Dr. White of Marine Hospital Service Predicts Better Conditions in Fever District.

BY THE ASSOCIATED PRESS.—P.M. NEW ORLEANS, Oct. 3.—Report to p. m.: New cases, 30; total to date 3072. Deaths, 3; total, 296.

By November 1, Dr. White of the Marine Hospital Service expects that there will be frost over a large portion of the State, and as secondary infection cannot appear inside of two weeks, there is no reason why bars to personal communication should not be removed fifteen days before frost.

Dr. C. M. Shanley of South Dakota, who moved to a plantation on Bayou Barrataria, two or three years ago from the Northwest, was reported to be seriously ill. The Surgeon General has ordered another of Dr. White's officers to Mississippi to help out on the Gulf coast where the situation is far from promising.

France Will Refuse to Enter Any Far Eastern Combination With Germany.

BY DIRECT WIRE TO THE TIMES. ST. PETERSBURG, Oct. 3.—[Exclusive Dispatch.] It now appears certain that France will refuse to enter any political combination in the Far East of which Germany forms a part, on account of the thorough mistrust of the Kaiser's sincerity of action or intention.

TUBERCULOSIS CONGRESS.

PARIS, Oct. 2.—Sections of the International Tuberculosis Congress today dealt at length with the various viewpoints of tuberculosis, discussing a number of interesting papers. It was concluded that most important predisposing causes were alcoholism, overwork and over-crowding. Dr. Maxey P. Ravenel, reporter of the American section, contended that bovine tuberculosis had proved, in a number of instances, to be transmissible to humans, and that therefore any relation of precautions against it would be useless.

"OLD SPINACH" MAKES SPEECH.

WARRENSBURG (Mo.) Oct. 3.—Former United States Senator Francis A. Cockrell was the principal speaker at the Democratic legislative reunion held here tonight. Gov. Joseph W. Folk, ex-Governor Alexander W. Dockery and Congressman Champ Clark also addressed the meeting, which was attended by most of the prominent Democrats of the State.

FIGHT ON WABASH.

Ramsey in Court Proceedings.

Wants the Missouri Pacific's Shares Kept Out of the Toledo Election.

Contest With Gould is to be Brought to a Head at That Time.

"High Finance" in Railroad Affairs—Figures from His Petition.

BY DIRECT WIRE TO THE TIMES. NEW YORK, Oct. 3.—[Exclusive Dispatch.] The application made today to the Circuit Court in St. Louis by Joseph Ramsey, Jr., president of the Wabash Railroad Company against the Iron Mountain and Wabash Railway Companies, the Mercantile Trust Company of New York, Walter S. Wilson, H. M. Kalker and George J. Gould, for an injunction to prevent the Missouri Pacific Railway Company from voting the Wabash shares it owns at the annual meeting of the latter company next Tuesday in Toledo, when the contest for control of the road will be decided, it is believed here will bring the Wabash fight to a head. Ramsey's application is based on the charge that the Wabash and Missouri Pacific are engaged in a conspiracy to control the Missouri Pacific Railroad company from controlling another parallel line through stock ownership. Out of the spectacular fight between Gould and Ramsey for control of the Wabash there is slowly settling a revelation of high finance methods in railroad circles like those in the insurance. These two men were for several years very close in their business relations. They went into syndicates together and made a large amount of money. They planned new lines, bought others, issued bonds and stock, and worked hard at the Gould scheme of a railroad from the Atlantic to the Pacific.

Their present quarrel promises to rival the contest between Hyde and Alexander in the Equitable that started the insurance revelations. Some of the things to be uncovered are the operations of the Western Maryland Syndicate and the Little Kanawha Syndicate, the financing of the Pittsburgh Terminal Railroad, which cost \$22,000,000, and also the manipulation of the Colorado Fuel & Iron Company, with its railroad connections. Hints about these corporations and their methods were thrown out today in a way that made some Wall-street financiers here say that this quarrel will have a speedy ending. Although the Wabash lines are

"PAPER TRUST" MEN MUST GIVE ANSWER.

[BY THE ASSOCIATED PRESS.—P.M.]

ST. PAUL (Minn.) Oct. 3.—Judge Vandever, in the United States District Court, late this afternoon, decided that the officers of the Hennepin Paper Company, the Itasca Paper Company and the North-west Paper Company should appear before the United States Examiner and answer such questions as might be asked of them in the hearing of the case of the United States vs. the General Paper Company and three other defendants. The court also decided that the books and papers mentioned in the subpoena should be produced and be submitted to the government for examination.

The decision of today follows that of Judge Seaman, in Milwaukee, rendered several weeks ago and from which the decision the defendants have appealed to the Supreme Court of the United States. Whether an appeal will be allowed from Judge Vandever's decision is not yet certain. Attorney P. B. Kellogg, who has represented the government in this case, maintained that an appeal would not apply because today's decision is an interlocutory decree and not final, as was the case in the decision rendered by Judge Seaman. The court named Saturday, October 7, as the date for hearing arguments on this point.

Judge Vandever, in rendering his decision, maintained that the statute under which the case at bar was brought complied with the immunity clause of the constitution and that the testimony given by the officers could not be used in their criminal prosecution, either in the Federal or State courts. As to its effects on their character for honesty and up-

"CONDUCT AND MANNERS."

Mayor Dunne of Chicago Creates New Bureau and J. Ham Lewis is Chief.

BY DIRECT WIRE TO THE TIMES. CHICAGO, Oct. 3.—[Exclusive Dispatch.] Mayor Dunne created a bureau of "Conduct and Manners," today, and appointed James Hamilton Lewis, former Washington State Congressman, now corporation counsel, as head of three commissioners. The Mayor said he desired to obtain the highest efficiency in public service, and wished to correct complaints of discourtesy and carelessness on the part of clerks and others in the city employ.

Lewis immediately issued orders that all city employees coming in contact with the public should dress neatly, avoid smoking while on duty and at all times be courteous to the public.

An order of precedence was established whereby Aldermen are given right of way on the ground that they directly represent the people and speak for the public. Flippancy and surliness of city employees will mean immediate discharge.

INTIMIDATING SMALL OWNERS.

LARGE RANCH INTERESTS RESORT TO VIOLENCE.

Buildings of a Chief Federal Witness in Nebraska Illegal Fencing Cases Demolished—Militia May be Sent to Scene of Trouble by Gov. Miley.

BY THE ASSOCIATED PRESS.—P.M. OMAHA (Neb.) Oct. 3.—United States District-Atty Baxter today received a telegram from O. F. Hamilton of Mullin, stating that his ranch house and buildings had been demolished, supposedly by men connected with ranches where the government has ordered fences torn down. Hamilton has been one of the chief witnesses in the cases in the Federal Court, wherein convictions and sentences have been secured for illegal fencing of government land. Hamilton has asked Federal protection, and Dist-Atty. Baxter has asked Gov. Miley to take steps for the protection of the ranchman.

Deputy United States Marshal Moore left late today for Mullin, where he will take steps for the protection of Hamilton and his property and the ranches of many others whose property is in danger. For this purpose he will, if necessary, swear in a number of deputies.

The Federal authorities look upon the matter as an attempt at intimidation to prevent giving further testimony in cases where large ranchers are charged with illegally fencing.

It is stated at the Federal offices here that the Governor has notified the Sheriff of Hooker county, where Hamilton lives, to assist in the protection of the small ranchmen.

GOV. MICKLEY ACTS.

LINCOLN (Neb.) Oct. 3.—Gov. Mickley has wired the sheriff at Mullin to employ deputies, if necessary, to protect Hamilton's life. Militia will not be sent until the sheriff cannot handle the situation.

COWBOYS IN POSSESSION.

MULLIN (Neb.) Oct. 2.—[Exclusive Dispatch.] A howling mob of cowboys has held possession of Mullin for twenty-four hours. Both the United States Marshal and Gov. Mickley were asked by wire, today, to send troops to restore order and protect life. The marshal answered that he would arrive tomorrow, while the Governor telephoned to the sheriff that he would order a company of soldiers here if necessary. The great cattle barons of Hooker county were indicted recently for illegally fencing government ranges, and their fences were ordered down.

The cases come to trial next week, and fifty witnesses have been subpoenaed from this county to appear against them. It was to intimidate these witnesses and force them to leave the country that today's rioting was indulged in. The mob first visited the home of O. F. Hamilton, who has charge of the government cases. The building was torn down and a notice posted that he would be killed, unless he left town at once.

Search was made for Hamilton to lynch him, but he escaped. Residences of witnesses in the town were visited and partially wrecked. Then the mob separated into different bands, and started through the country, searching out all witnesses, spreading terror and doing damage wherever they went.

PANAMA'S INDEPENDENCE.

WASHINGTON, Oct. 3.—In regard to reports that lately have been made that Panama and Costa Rica would soon join and form one republic instead of two separate states, the minister of Panama to this country, Senor Obaldia, received today a cablegram from President Amador of the Panama Republic, saying: "Rumor about union of Panama and Costa Rica false."

More Testimony in Insurance Case.

Deferred Dividend Policies and Other Features to be Considered.

Samuel Untermyer Gives Out a Letter Addressed to Inquisitor Hughes.

Says He Advised Hyde That the Committee is Without Power.

BY DIRECT WIRE TO THE TIMES. NEW YORK, Oct. 3.—[Exclusive Dispatch.] John A. McCall, president of the New York Life Insurance Company, is expected to be the first witness when the legislative insurance investigation resumes its session tomorrow morning in the aldermanic chamber of the City Hall.

James McKee, associate of Hughes, as counsel for the committee, will conduct the direct examination of McCall to elicit certain facts in regard to the theory and practice of life insurance, particularly as applied to deferred dividend policies and other modern features and routine methods.

It is believed in many quarters that one result of the present inquiry will be the enforced abolition of the 50-year deferred-dividend policies, and that the big companies will be compelled by legislation to make an accounting hereafter with their policyholders annually. Hughes will also take the opportunity, probably, to press McCall with further questions concerning the New York Life's political campaign contributions, and more especially as to the work of Andrew Hamilton and others, to whom it has assigned the task of influencing legislation.

When next thought by a reporter of the Herald and Times in his home, Mr. Hughes gave out the following statement in reference to a letter from Samuel Untermyer: "I received Mr. Untermyer's letter this evening, and have been in conference with Mr. McKee. We will say simply this, that if Mr. Hyde appears before the committee without conditions, he will be treated courteously, fairly and according to his rights. Mr. Untermyer's claims that the committee is without power to conduct this investigation we believe to be without merit, and we shall advise the committee."

UNTERMEYER'S LETTER.

NEW YORK, Oct. 3.—Samuel Untermyer, counsel for James H. Hyde, today, gave out for publication a letter addressed by him, today, to Charles H. Hughes of the insurance investigation committee, in which he suggested that the committee should refer the matter to a subcommittee.

"Referring to your request that Mr. Hyde voluntarily appear as a witness before the joint committee appointed by the defunct Legislature of 1905 to investigate the affairs of life insurance companies, I have advised Mr. Hyde that your committee is without power or jurisdiction to make the investigation in which you are engaged. My opinion is based on the proposition that the assembly, at least, has no power to direct an investigation (1) to be held after its adjournment and (2) for the express purpose of reporting to a future Legislature not yet selected, and which can have no existence until 1906.

"Either house may investigate when in session, either directly or through a committee of its number, for the purpose of informing itself as to the pending or contemplated legislation by it, and for that purpose only. "We appreciate, however, that the pending inquiry, though unauthorized and irregular, will prove wholesome, and in the public interest, and that if continued on the same lines, much of the responsibility for existing conditions, which has been most unjustly placed upon Mr. Hyde, will be fixed where it properly belongs.

"The bulk of the subject matter of the inquiry, so far as it concerns the Equitable Society, relates to practices and conditions that antedate by many years his active connection with the society, of which he has no knowledge, and which seem to have been continued under the administration with which he became identified.

"Mr. Hyde instructs me to say that he is willing to assist the inquiry by voluntarily appearing as a witness, and by any other way that may be found desirable, provided his rights and those of his father's estate can be reasonably safeguarded. "Unlike the other insurance companies now under investigation, the affairs of the Equitable have already been exploited as the result of in-

Mitchelltree Repeats Charge Against Legislators.

Money Needed to Knock Out Anti-Prize Fight Bill.

Miner is Blown to Atoms, State Granges Meet.

BY THE ASSOCIATED PRESS.—P.M. SAN FRANCISCO, Oct. 3.—Assemblyman Mitchelltree arrived in San Francisco this morning for the purpose of conferring with County Deputies O'Neil and Sacramento with a view to the passage of the bill.

He was charged with accepting money from the Ralston Anti-Prize Fight bill. Mitchelltree reiterated his statement that the money was used to defeat the bill, and declared his intention to expose the entire deal.

Mr. Mitchelltree asserts that five Assemblymen, at least, are guilty of getting up the bill. He is asking what evidence he has gathered against the alleged bribe-takers. Mitchelltree said: "I will state generally, that there was a sufficient number of persons who knew of the money to establish the fact. Further than this, I do not care to say."

"Did anyone actually see the money?" he was asked.

"That I cannot say. All the evidence that has been made known in due time, after authorities have made proper use of it."

ALLEGES WHEAT COMBINE. MILLERS AND EXPORTERS IN IT. BY DIRECT WIRE TO THE TIMES.

SACRAMENTO, Oct. 3.—[Exclusive Dispatch.] W. H. Reed, a member of the State Grange Commission, today declared the conviction that the Wheat Millers' Association and the exporters of the Northwest have combined against the wheat growers.

Reed says that the millers and exporters are under a contract to compete in buying wheat, with the object of holding prices down to a minimum.

He is in close touch with farmers and declares that they will fight this "evil" conspiracy and defeat it. He says that the millers and exporters are now meeting to meet the buyers' committee and to combine their forces.

MAILED FOR NOME BY STEAMER. SAN FRANCISCO, Oct. 3.—Advice to the local postoffice from Washington today that the last dispatch of mail for the season via steamers to Nome, Alaska, will be made not later than October 10, 1905.

It will not be possible to transport mail matter in the form of parcels to Alaska post-offices until the opening of navigation in Alaska next year.

State Granges are Flourishing. NAPA, Oct. 3.—The State Grange of the Order of Patrons of Husbandry opened its annual meeting in Napa this morning.

There was a large attendance of delegates from granges throughout the State, and also a number of other visitors. The first session was held in the opera-house, which was elaborately decorated for the occasion.

Field Draft Alleged. OFFICIALS INDICTED. BY THE ASSOCIATED PRESS.—P.M. SAN FRANCISCO, Oct. 3.—[Exclusive Dispatch.] A sensation has been created in the Emeraldia county which has returned in

dictments against J. E. Davidson, district attorney of Emeraldia county; Justice of the Peace Bell and Constable Russell, the latter two being of Goldfield. All three are under arrest. All are indicted on several counts for alleged bribery and alleged extortion and the State is said to have unimpeachable evidence.

Davidson, however, who is at Hawthorne in connection with the Young case, has been appointed special district attorney to prosecute the alleged offenders.

The evidence presented indicates that Davidson, Bell and Russell have been carrying on an unprecedented reign of blackmail and extortion at Goldfield. The three men and other lawless characters have been paying them regular fees as bribes, and a number of criminal cases are believed to have been dismissed by the trio upon payment of money.

Davidson is about thirty, and came to Nevada several years ago from Hanford, Cal. He is well connected there, but has a wild life. It is said. At Hanford, he served a six months' term in the county jail for assaulting a man with a deadly weapon. His mother lives there now, being school superintendent of Kings county.

EMMONS CROSS-EXAMINED. BY THE ASSOCIATED PRESS.—P.M. SACRAMENTO, Oct. 3.—E. J. Emmons was today subjected to over four hours of cross-examination by District Attorney Seymour. Twice during the day he asked the court to declare a recess and he frequently took occasion to remark that he was in very bad health.

The District Attorney took Emmons every step of the way between the State House and Sixth street, on the south side of K. Eighth, on the opposite side of the street. This was the course which Emmons followed when he was arrested on the evening of Tuesday, January 24, the night upon which it is alleged the money was passed by himself and Jordan, on the opposite side of the street. This was the course which Emmons followed when he was arrested on the evening of Tuesday, January 24, the night upon which it is alleged the money was passed by himself and Jordan, on the opposite side of the street.

He testified that when he met Martin K. of San Francisco, he was with him and said: "If other people are ashamed to shake hands with you, I am not."

On direct examination, Emmons testified that he had made one offer of assistance to Bunkers.

Ell Wright, one of the four Senators who were with him at the time of the "bottle" operations, was a witness for the defense. He disputed all the testimony given by Bunkers.

CALIFORNIA EASILY FIRST. MINING AWARDS AT PORTLAND. BY DIRECT WIRE TO THE TIMES.

PORTLAND (Or.) Oct. 3.—[Exclusive Dispatch.] California makes a wonderful showing in the prizes given for mining exhibits by the jury on awards at the exposition. As a medal winner, California is easily first, with 43 awards received, she got 13 gold, 14 silver and 13 bronze medals, with three honorable mentions.

Montana got 13 gold, 11 silver and 8 bronze medals, with 25 honorable mentions in 67 awards.

Colorado received 16 awards, of which 13 were gold medals, 13 silver medals and 14 bronze medals, while the remaining 125 are honorable mentions.

Oregon received 10 awards and Washington 7, but neither State received any gold or silver medals.

The grand jury will be awarded by the superior jury of awards shortly and lies between California and Colorado.

SLOPE BRIEFS. Typhoid Causes Political Clash. TACOMA (Wash.) Oct. 3.—Dr. Bialock, chief physician at the Walla Walla penitentiary, has been dismissed by Warden Keer because of the recent outbreak of typhoid fever in the institution. Gov. Mead stated today that he would not dismiss Warden Keer.

As a medal winner, California is easily first, with 43 awards received, she got 13 gold, 14 silver and 13 bronze medals, with three honorable mentions.

Montana got 13 gold, 11 silver and 8 bronze medals, with 25 honorable mentions in 67 awards.

Colorado received 16 awards, of which 13 were gold medals, 13 silver medals and 14 bronze medals, while the remaining 125 are honorable mentions.

Oregon received 10 awards and Washington 7, but neither State received any gold or silver medals.

The grand jury will be awarded by the superior jury of awards shortly and lies between California and Colorado.

SLOPE BRIEFS. Typhoid Causes Political Clash. TACOMA (Wash.) Oct. 3.—Dr. Bialock, chief physician at the Walla Walla penitentiary, has been dismissed by Warden Keer because of the recent outbreak of typhoid fever in the institution. Gov. Mead stated today that he would not dismiss Warden Keer.

Strikes Wolf Rock and Founders. SAN FRANCISCO, Oct. 3.—The Merchants' Exchange has received advice from Stanley, Cal., that the British bark Kirkhill, bound from Newcastle, England, for San Francisco, struck on Wolf Rock and founders. All on board were saved and taken to Stanley.

Make Good Loss of Liquor Revenue. MAYFIELD, Oct. 3.—The sum of \$74 was paid in to the town treasury by Mayfield last night by business men and other citizens of this place and Palo Alto to make good the loss of revenue caused by the closing of the Mayfield saloons on the first of this year. An additional amount of about \$600 is to be paid by January 1, 1906.

Must Stand Trial for Conspiracy. PORTLAND (Or.) Oct. 3.—The last hope of William J. Jones and Thaddeus Potter of escaping trial on an indictment charging them with a conspiracy to defraud the government of valuable timber land in the Sitka reservation, was swept away today by Judge Hunt, who refused the demurrers interposed by the defendants. Wade made no attempt to avoid trial in securing a jury to hear the evidence against the defendants.

Last Mail for Nome by Steamer. SAN FRANCISCO, Oct. 3.—Advice to the local postoffice from Washington today that the last dispatch of mail for the season via steamers to Nome, Alaska, will be made not later than October 10, 1905.

It will not be possible to transport mail matter in the form of parcels to Alaska post-offices until the opening of navigation in Alaska next year.

State Granges are Flourishing. NAPA, Oct. 3.—The State Grange of the Order of Patrons of Husbandry opened its annual meeting in Napa this morning.

There was a large attendance of delegates from granges throughout the State, and also a number of other visitors. The first session was held in the opera-house, which was elaborately decorated for the occasion.

Field Draft Alleged. OFFICIALS INDICTED. BY THE ASSOCIATED PRESS.—P.M. SAN FRANCISCO, Oct. 3.—[Exclusive Dispatch.] A sensation has been created in the Emeraldia county which has returned in

dictments against J. E. Davidson, district attorney of Emeraldia county; Justice of the Peace Bell and Constable Russell, the latter two being of Goldfield. All three are under arrest. All are indicted on several counts for alleged bribery and alleged extortion and the State is said to have unimpeachable evidence.

Davidson, however, who is at Hawthorne in connection with the Young case, has been appointed special district attorney to prosecute the alleged offenders.

The evidence presented indicates that Davidson, Bell and Russell have been carrying on an unprecedented reign of blackmail and extortion at Goldfield. The three men and other lawless characters have been paying them regular fees as bribes, and a number of criminal cases are believed to have been dismissed by the trio upon payment of money.

Davidson is about thirty, and came to Nevada several years ago from Hanford, Cal. He is well connected there, but has a wild life. It is said. At Hanford, he served a six months' term in the county jail for assaulting a man with a deadly weapon. His mother lives there now, being school superintendent of Kings county.

EMMONS CROSS-EXAMINED. BY THE ASSOCIATED PRESS.—P.M. SACRAMENTO, Oct. 3.—E. J. Emmons was today subjected to over four hours of cross-examination by District Attorney Seymour. Twice during the day he asked the court to declare a recess and he frequently took occasion to remark that he was in very bad health.

The District Attorney took Emmons every step of the way between the State House and Sixth street, on the south side of K. Eighth, on the opposite side of the street. This was the course which Emmons followed when he was arrested on the evening of Tuesday, January 24, the night upon which it is alleged the money was passed by himself and Jordan, on the opposite side of the street.

He testified that when he met Martin K. of San Francisco, he was with him and said: "If other people are ashamed to shake hands with you, I am not."

On direct examination, Emmons testified that he had made one offer of assistance to Bunkers.

Ell Wright, one of the four Senators who were with him at the time of the "bottle" operations, was a witness for the defense. He disputed all the testimony given by Bunkers.

AWFUL MEMORY MARS HER MIND.

DEEP MYSTERY CLOAKS YOUNG
WOMAN AT CITY JAIL.

Disconsolate Stranger Found at
Railroad Station Makes Dark Al-
lusion to Murder of Man—Asks to
be Locked up to Save Her from
Harm to Self.

Deep mystery shrouds a young
woman, who, on her own volition, is
a inmate of the City Jail, under the
charge of Madam Gilbert.

Dark hints are made by the woman
of some dread deed com-
mitted in the past, of the killing of a
man in Detroit, and of other things too
horrible for her to mention.

During the night she might do herself
harm, according to her own admission,
the mysterious stranger, who says her
name is Elsie May Wildblood, asked
that she be delivered into the hands
of the police.

She was unable to unravel the tangle
of her life at times, then morose and
silent, the young woman has been in
Madam Gilbert's care since Monday
morning, when she was taken to the
jail by Mrs. W. B. Bell, matron of the
City of Hope in East Los Angeles.

"I must give myself up," declared
the woman to her friends in the Door
of Hope, where she had been given
lodging since last Friday morning. "I've
come to the end of my rope. I can't
go on any longer. I must go now."

Whereupon she was taken to the jail,
where she probably will remain
until some of the mystery of her
life is cleared.

She claimed she was married and
that she had come to Los Angeles from
San Francisco, to meet her husband,
the young woman declared later that
she was single.

CAME TO MEET MAN.
That she came to Los Angeles to
meet a man seems to be proved, how-
ever, by her actions, which attracted
the attention of Miss Steele of the
Deaconess Home, one of the young
women wearing white-ribboned bon-
nets, who meet incoming trains at the
railroad stations and steer them clear
of the pitfalls of the city.

The Wildblood first came to the at-
tention of Miss Steele at the Arcade
station a week ago last Friday morn-
ing, when she was seen in the crowd.
Worn and tired in appearance,
she was turning away disconsolately
when the arrival of a Southern Pacific
train from San Francisco.

Accompanied by Miss Steele, the eager
woman said she was waiting for her
husband, who, she said, was coming
from the North. She said she had
waited at the railroad station all night.
Then Miss Wildblood told the de-
aconess that her husband was to meet
her at the Los Angeles postoffice, and
that the deaconess accompanied her.

While at the postoffice at Seventh
street and Grand avenue, Miss Steele
suddenly lost track of the young woman
who was endeavoring to befriend her.
The stranger, apparently with intent,
slipped away, much to the mystifica-
tion of the deaconess. Miss Steele con-
cluded that the missing "husband"
had appeared, and the matter was per-
manently closed.

On Friday morning, however,
Miss Steele, again at her post of duty
at the Arcade station, was surprised
to see Miss Wildblood in the crowd.
She was more careworn than before,
and somewhat hysterical, she
said, "My room rent is due and I can-
not pay it. I have no place to stay."

"HUSBAND" FAILS TO APPEAR.
When the girl continued in her
statement that she had expected to see
her husband, but that he had
failed to appear, she was poorly clad,
and her personal belongings in
way of clothing that most girls
would scorn to wear, she was
brought to the attention of the faith-
ful deaconess, who was weak from her
attention.

Her greeting seemed
to have no effect on Miss Wildblood,
who seemed good and able to
sleep well, but, day and
night, she paced the floor, some-
times seeming to weep her down.
If you only knew what I have
been through, you would not come
near me. You wouldn't talk to me."

Her past an enigma.
The little, kind-hearted deaconess
glanced from the girl that she
had lately in San Francisco, and
before that she had lived in the
city of Detroit, where it is
said that she had worked in the fur
trade, making collars and capes and
things as women wear, but she
had the appearance of a factory
worker of one who has been accus-
tomed to hard and confining work.

Her words dropped by the young
woman, who said she had been
in comfortable surroundings. She
had good knowledge of music and had
been reading of the better sort.
I guess you were in love with a
man, who had jilted you," said the ma-
tron, who said she had been taken
and, after a searching question-
ing, she failed to give any inkling as
to the case of her strange actions.

The woman of mystery made
no further than to sob again,
and said she would be known soon enough.
She would say, "Then she would make
attempts to bring about the hour which
she was so certain to bring
about the terrible exposure she pro-
posed."

Her words were so full of
pleasing appearance, seems
to be a possession of her facul-
ties when she is overcome by the
weight and hysteria; then she
is headless of what she says.
At times, it is said, she has men-
tioned a murder in Detroit, but further
she never goes, and the de-
aconess who have been called on the
woman have been unable to glean from
her facts that will assist in
solving the mystery.

The few possessions of the
woman, a letter, the contents of
which were guarded by the deaconess,
reference is made to a legacy
which came to her. She admitted
that at some time she had received some
money, but she said the prob-
able was extremely slim.

There is something but handsome,
she said, "I don't even get a good figure,
and I'll admit she isn't a beauty,
with half a million in her
pocket. And if that isn't a hand-
some, then I'm no mathematician."

FEVER'S AFTER EFFECTS

Die Not Disappear Until the Blood
Was Renewed by Dr. Williams' Pink Pills.

Typhoid fever is sometimes called ner-
vous fever. During the course of the
fever the nerves are always profoundly
disturbed, and when it is over they are
left so sensitive that the patient has to
be guarded against all excitement. In the
treatment then demanded, regard
must be paid not only to building up flesh
but also to strengthening the nerves. A
remedy that will do both, make sound
flesh to repair waste and give new vigor
to feeble nerves, is the most convenient
and economical. Such a remedy is Dr.
Williams' Pink Pills for Pale People.

One proof of this is the experience of
Mr. Charles Worth, of East Vassalboro,
Maine. He says: "I had a severe at-
tack of typhoid fever late in the fall
which left me very weak and debilitated.
My heart palpitated, my breathing be-
came difficult after the least exertion and
there was numbness in both hands. I
suffered in that way for fully six months.
As I did not grow out of it, did not in
fact see the slightest improvement as
the months passed, I decided to use Dr. Wil-
liams' Pink Pills as I knew of some cures
they had effected in cases like mine."

"Almost as soon as I began taking
them I could see decided improvement, and
after keeping on with them for
several weeks I was completely well. I
consider Dr. Williams' Pink Pills a most
valuable remedy, and I am in the habit
of recommending them to others afflicted
as I was."

When the nerves ache and trem-
ble it means that they are starving. The
only way to feed them is through the
blood, and the best food is Dr. Williams' Pink Pills. They are absolutely guaran-
teed to be free from opiates or other harm-
ful drugs. They are sold by all drug-
gists, or may be obtained directly from
the Dr. Williams Medicine Co., Schenec-
tady, N. Y.

LAW STUDENTS DINE.

Upper Classes of Southern California
College Extend Greeting to This
Year's Freshmen.

The Junior and senior classes of the
University of Southern California Law
School entertained the freshmen at a
reception and banquet last evening at
Brownberger Hall. The freshmen
were received by a delegation of up-
per classmen. After music, recita-
tions and other lighter forms of amuse-
ment peculiar to a law school stag
party, the classes were conducted to
the banquet hall. A McDowell acted
as toastmaster, and there were re-
sponses as follows: R. B. Campbell,
"The boys," James McKnight, for the
freshmen; A. L. Veitch, "When we were
freshmen;" Gavin Craig, secretary of
the college, outline of character of the
J. K. L. "Future;" W. M. Hiett,
"Fellowship."

Dr. Hiett represented Dr. Bovey,
and expressed a desire for closer
union of the colleges. Assemblyman
Houser spoke of his efforts to obtain
recognition of the U.S.C. Law School.
F. M. Porter showed that, at the pres-
ent rate of increase, the school would
be the largest law college in California
next year. Attorney Willis closed with
an address to the freshmen.

RUBY NOT MISSING.

Caselman Girl Said on Good Authority
to be in Deaconess Home, Ready
to Appear.

Ruby Caselman will appear in court
tomorrow when her case is called, and
she will cheerfully face the charges of
forgery—so say her friends.
The girl has not disappeared, and it
is stated on good authority that she is
now in the Deaconess Home on Haver-
street. The police take small stock
in a report of Miss Caselman's dis-
appearance. Her attorney will not dis-
close her whereabouts, but he says
she will be on hand when wanted in court.

How Athletes Keep Strong and Healthy

Their Diet Should Be a Revolution
To Men and Women in the
Ordinary Walks of Life.

At this season of the year thousands
of young men are devoting several hours
a day to the development of their phys-
ical strength and endurance and their ath-
letic skill. In practically every univer-
sity, college, academy and public school
in the United States and Canada the
football "squads" are at the height of
their activities in preparation for the
big games yet to come. From mid-after-
noon until long after daylight has gone,
their trainers rush them through their
plays, now striving to improve this point,
now that.

Physical perfection, great endurance
and unflinching health are positively es-
sential in such severe athletic work and
nothing that helps to develop and main-
tain these qualities in the athlete is
overlooked or neglected. Perhaps the
most important point in the estimation
of successful trainers and coaches is the
diet of the athlete.

In schools where a "training table" is
provided for the athlete, only the most
nutritious food is served, and in cases
where there is no training table the ath-
lete is advised to eat the most healthful
food only. Whether or not he follows
such advice is soon shown by his phys-
ical condition. If the average man—the
business man, the lawyer, the teacher,
the clerk, the mechanic, the laborer—
took such care as to the food he eats
as the athlete does, there would be far
less of sickness and suffering in this
world.

Among athletes the food value of
whole wheat is recognized. They have
demonstrated what scientists have long
declared to be true: that the various
food elements found in wheat are the
food elements with which the blood and
muscle, the tissues and cells, the bone
and brain of the human body must be
replenished if life and perfect strength
are to be sustained.

Every nutritive element of the best
white wheat grown is found in Malta-
Vita, and it is fast becoming as popular
among other people as it long has been
among athletes.

And Malta-Vita is so good to eat! Al-
ways deliciously crisp and refreshing and
satisfying. A perfect breakfast is im-
possible without Malta-Vita, and it's
good three times a day. Try a bowl full
with cream or fruit. You will thank us
for telling you about it. All grocers sell
Malta-Vita. Always ready to eat.

AND SO DID THESE

THE PUBLIC SERVICE—OFFICIAL DOINGS.

SUMMARY OF THE DAY.

The Civil Service Commission took under consideration the application of the City Librarian for certain changes in classification of attendants and department heads at the library. A question was raised as to the need of a second assistant librarian, an office which was admitted to be superfluous. Peddlers, clairvoyants and others, returning from beach resorts, took to license Clerk for permits to do business; office records broken.

Justice Young yesterday dismissed the charges of malpractice against Dr. Justice, and there was a scene in court when the prosecuting witness defied the judge, and said he would get even himself.

The Pacific Electric Railroad Company made application to the Supervisors for a franchise to complete its Sierra Madre line.

AT THE CITY HALL.

LIBRARIAN WANTS CIVIL SERVICE BOARD TO ACT.

Commissioners to Decide Whether Rules Have Been Observed in Various Changes Planned at Library. Return of Peddlers and Clairvoyants from Beach Causes Rush.

It is up to the Civil Service Commission to decide whether Librarian Charles F. Lummis has been governed by the rules of that body in making recent promotions and increases of salary at the public library. Mr. Lummis and Library Director Rodman appeared before the Civil Service Commission yesterday and asked them to approve the changes planned, which were made public several days ago. It had been rumored that a snag would be struck when the Civil Service board heard into the matter. The board took the matter under advisement and has asked for a complete list of all attendants and other employees at the library, together with their past and present classification.

The librarian said the old classification of employees was made when the library was much smaller and that the new classification, which includes new positions and raises of salary, was made adequate to the needs of the enlarged institution. He said he wished to promote for efficiency, economy and likewise remarked that salaries heretofore have been too low all around.

Consideration for the club women who have taken so active a part in the library was shown in the librarian's proposal to create the position of a director of study and research at a salary of from \$15 to \$10 a month, to guide club women, school teachers and others in making use of the library. In answer to a question of one of the Civil Service Commissioners, who asked if there really were any use for a second assistant librarian, Mr. Rodman said that such an officer at the library was the stand taken by the Civil Service Commission, although the creation of the position was made by the board of library trustees, during the term of Superintendent Werdin, appeared before the commissioners, asking to be reinstated. He explained that the charges against him finally had been dropped. He asked Superintendent Rodman to place him at work and that official had referred him to the Civil Service board. The matter was taken under advisement.

Frank D. Mitchell, for nine years on the police force, Omaha, as petitioner, asked the commission to give him a chance to take the examination for appointment to police force. He is 40 years old, while the maximum for applicants here is 22 years. The man declared his willingness to waive his age, and the board will think about it.

Some attention was given to but no action was taken in the case of the man Butler, who is serving under emergency appointment as a sergeant, although he has been in the force for some time. He was not permitted to take the examination for that position.

Commissioners received from the Municipal League, asking that a maximum age limit be fixed in the case of applicants for the police force. It was declared that a number of men now employed are over 50 years old, and that there are no men under 25. Older theory was broached, and the matter will receive attention.

LICENSE RECORDS BROKEN.

The city's receipts for licenses of various sorts were higher Monday and Tuesday than for any other day in the past, according to License Clerk Farmer. On Monday, 1906, was passed over the counter by persons who sought legal privilege to do business, while yesterday's receipts were about \$400. In the past 1906 has been considered a high mark. Mr. Farmer explains the reason for the increase in the fact that the peddlers and candy peddlers and others of that stripe are returning to the city after a summer of the beach resorts. Fees were gathered in from at least fifty peddlers and candy hawkers on Monday night, their stamp being \$1 each per month. The flower peddlers, too, are becoming more active, while the lunch wagon, always with a new number about half a hundred, paying \$1 each per month for the privilege of serving eatables at the curb.

COURT BLOCKS WIFE'S PLAN.

Mrs. Marie Gillespie was freed from the shackles of matrimony yesterday by Judge Wilbur, and the husband seemed the better pleased of the two. The husband was an expressman at San Pedro, and in a former divorce case the wife, compromised with her husband, and for a money consideration signed a release from any claim for alimony. Then she had the suit dismissed. After a short lapse of time she began a new suit for divorce and, of course, put in another claim for alimony. Judge Conroy did not approve of this new method of making money by playing a kind of polite bunco game and said she must stand in the second. Yesterday the suit went to trial and the wife got her freedom.

GIVEN HER FREEDOM.

HUSBAND WAS A TROUBLE. Mrs. Lydia Frances Gross has had experience with men and their peculiar ways, but John Gross has proved the limit. When she lay ill and her life was despaired of by a doctor, and her husband threatened to send her to the County Hospital. She wept of it and sued for divorce. Some time ago the escapades of Gross got into the papers through going to the safe deposit vault and in some way getting

OILED STREETS.

HANLEY WOULD PROTECT. Following up an appeal to the Council to take measures to protect streets

newly oiled, Street Superintendent Hanley made an effort yesterday to keep traffic from Santa Fe avenue until the surface of that street, lately renewed with porphyry and oil, becomes hard. The garbage contractors are anxious to run their wagons over the street, but it is declared the horses' feet and the heavy wheels will wear the surface and ruin the improvement.

The contractors should have a chance to complete their work, said Mr. Hanley. "The streets should stand fifteen or thirty days after being oiled, but this is impossible now under the ordinance. Only one block of a street can be closed at a time, another fact that makes final completion of the work slow. To close more than this much of a street at a time would work temporary inconvenience to the public, but it would result in hastening the date when the entire work would be finished. It is not possible now, would be for the public benefit."

"As it is now, streets are used too soon after they are oiled, requiring much more oiling than would be required if the job was complete. There is hardly a street in the city but has had to be oiled over again just because it was used too soon."

POLICE COMMISSION.

SCRAP OVER LICENSE.

When the petition of J. H. Bestmann, for a wholesale liquor license at Twelfth street and Central avenue, was taken up yesterday by the Police Commission, objection was raised by Commissioner Gates to the protest filed by various persons. He declared that the protest was not a protest, but a petition, and that it should be taken at that time. Commissioner Gates to show cause why his license should not be granted. The protest was taken at that time. Commissioner Gates to show cause why his license should not be granted. The protest was taken at that time.

COURTS AND LAW DEFIED BY AN ANGRY PLAINTIFF.

Dismissal of Criminal Complaint Against Physician Causes Exciting Scene in Justice's Court—H. T. Johnson Declares He Will "Get" Dr. Justice.

Justice Young had the law laid down to him yesterday afternoon to the complaint of the wife of H. T. Johnson. The latter had sworn to land Dr. O. M. Justice behind the bars, and the court said that when it missed her it was proven that she was a liar. Johnson was told that he had no cause of action; and the demurrer was sustained without leave to amend the complaint unless application be made within five days.

Johnson said that he would save the sum of money that he wife had saved up. Later as a peace offering he went to his wife, who had left the house, and when he missed her, he went back to him, but the first few days he became so cruel that she could not stand it. FENNESSY BOWLED OUT.

Court Decides in Favor of "The Times" in Printing Contract Case.

Judge Wilbur yesterday blew to pieces the case of T. D. Fennessy and the Typographical Union, based on the contention that the Times had not fulfilled its contract with the city in the public advertising contract for last year, and consequently is not entitled to the balance of \$292.15 due on the contract. The judge decided that the Times is entitled to the money, and bowled Fennessy out.

Fennessy brought an injunction suit against the City Auditor to restrain him from paying the balance due to the Times. The Times alleged that the amount of the bill was \$292.15 in excess of what was due, for the reason that the Times had set the advertising in a size of type not mentioned in the contract, according to Fennessy's claim.

Counsel for the Times demurred to Fennessy's complaint, and the court sustained the demurrer. The court held that if the Times had made a mistake in carrying out its contract, as alleged by Fennessy, there was no showing in the complaint that the Council had ever asked the Times to make a change in the type. Apart from that, the court held that it has no power to interfere, as the City Council in allowing this claim had acted in a semi-judicial capacity. The defendant company had proven that the services had been performed, the City Council was satisfied and ordered the payment of the money, and the Mayor approved the claim. After the claim had gone so far the Auditor could not be restrained from paying it.

According to a rule long settled in the practice of the courts, Fennessy was told that he had no cause of action; and the demurrer was sustained without leave to amend the complaint unless application be made within five days.

TYPHOID THREATENS. Residents in the East Rock precinct, n. e. the San Fernando road, have petitioned the Supervisors that something be done about the fertilizing works. They claim that stagnant pools of evil-smelling filth threaten the district with an epidemic of typhoid fever. The matter was referred to the County Health Officer.

GERMAN'S BROTHER. Deputy Sheriff Joe Sepulveda yesterday brought Emilio Rodriguez from Ventura, and the 3-year-old boy is now at the Detention House. He is the brother of Germano Rodriguez, the 16-year-old girl who claim that she was sold for \$25 at Chatsworth Park.

MURPHY DIVORCE. George A. Murphy was granted a divorce from Ida B. Murphy by Judge Monroe yesterday. The divorce was granted on the ground of desertion.

TOOK THE SHIRT WAISTS. Frank Burdette yesterday took the shirt waists of his friend, Robert Mackay. Both young men went out to have a good time, and early in the morning Bell burglarized his friend's room. Judge Smith sent Bell to the State's Prison for two years.

ORLANDO'S DAY. SENTENCE FOR MISDEMEANOR. "Salut" Orlando Fitzsimmons, he of odious Cumulative Credit Co. fame, with his brother officers in the company, Neighbors and Arnett, will appear before Judge Wilbur in the United States Court tomorrow for sentence. The maximum penalty provided by law for the offenses on which these men have been found guilty—the use of a lottery scheme—is a year's imprisonment in the county jail, or a fine of \$1000, or both, on each count. In the case where Fitzsimmons stood an individual trial in the instant case of his company, in the case where he stood trial with Neighbors and Arnett, there were two counts, and the maximum penalty was imposed, the only "Salut" Orlando would find himself up against eight years' imprisonment and a fine of \$800.

FOR BETTER ROADS.

Grand Jury Makes an Important Recommendation—Too Much Costly Repairing and No Building—Shot at Supervisor Graham.

THE county grand jury, after holding twenty-nine daily sessions and examining fifty-six witnesses, submitted its report to Judge York, Department Three of the Superior Court, yesterday. The most important recommendation is that pertaining to the betterment of the public roads of Los Angeles county, attention being called to the results of the main building, and the need for repairs and maintenance.

The grand jury, in its report, recommended that the county should be supplied with new text-books, many of those now in use being in a very dilapidated condition. It also recommended that the county should be supplied with new text-books, many of those now in use being in a very dilapidated condition.

From what we can learn of the history of those discharged from the school, the moral effect on their character is somewhat disappointing, and the object of the establishment of the school seems hardly to be attained.

PUBLIC BUILDINGS. All the theaters and public places were found to be as safely equipped as it is practical, with the exception of Fisher's. Of this the jury said: "We find Fisher's Theater, located at No. 119 West First street, to be very poorly provided for means of escape in case of panic, and we believe that the management should be closed up, less the management provide better means of escape in case of panic. Practically there is no way of getting out of this building except through the front door, and in a business-like manner, in the event of a panic, the management would be so congested as to cause great damage, and that it is a menace to public safety."

COUNTY FARM AND HOSPITAL. We find that the affairs at the County Farm are fairly well managed. The institution, which was passed on by the grand jury, is an institution which seems now to be an absolute necessity in county government, and we are free to commend this plan of the county government. We have no doubt that in the future this institution, under proper management, will reach that stage of perfection that will enable it to point to its credit.

In company with Alexander, our body visited the County Hospital and found the inmates well cared for, its buildings in good repair, its affairs well administered, and many methods in vogue to save the county money. The hospital is a complete institution in itself, and the county government is to be commended for the manner in which it is managed. The old wooden building is, in our judgment, nothing but a fire trap, and should be replaced by a new building. We would recommend that it be removed and a modern, larger, and more complete building be erected in its place. The grounds should be made into a park, and the hospital should be made into a public building. The hospital should be made into a public building. The hospital should be made into a public building.

MONTHLY REPORTS. COUNTY MONEY COUNTED. The monthly report of County Clerk Keyes shows that during September, the funds received were as follows: Probate, \$246,707; civil, \$218,900; miscellaneous, \$764,65; total, \$520,212. This amount was disbursed as follows: Law library, \$272; and to the credit of the County Fund, \$218,900. The count of the money in the county treasury by the properly appointed officials, showed the following kinds of money on hand: Gold, \$146,718; silver, \$180,405; currency, \$100,212; total, \$427,335. This is a smaller amount than the count of the money in the county treasury by the properly appointed officials, showed the following kinds of money on hand: Gold, \$146,718; silver, \$180,405; currency, \$100,212; total, \$427,335.

SIERRA MADRE ROAD. COMPLETION NOW IN SIGHT. The Pacific Electric Railroad Company is now completing the branch line to Sierra Madre, and to date it has been operating on private right of way. The company filed an application with the Supervisors for a franchise to connect with the main line. The franchise will only cover about three city blocks, the remainder of the road being on private right of way. The line will branch from the Colorado street, (Pasadena) at Lancaster Park, where the main line turns toward San Marino.

PROTRACTED LITIGATION. LA CANYADA WATER DISPUTE. For years there has been fighting over the limited water supply of the beautiful La Canyada Valley, and yesterday Judge Bordwell gave judgment in two suits arising out of the same or very similar a state of facts. The first suit was that of E. J. Cohn against the La Canyada Land and Water Company, to determine certain water rights, and the court decided in favor of defendants. The Cohns are the owners of the "Castle" at Crescenta, the magnificent bit of folly perpetuated by the road being on private right of way. The line will branch from the Colorado street, (Pasadena) at Lancaster Park, where the main line turns toward San Marino.

COURTHOUSE NOTES. BREVIETTES MISCELLANEOUS. MUST PAY FOR STOCK. In the suit of Gregory Perkins, as trustee in bankruptcy, of the Golden Gate Laundry Company, against Frank S. Craft et al., Judge Bordwell yesterday gave judgment for the plaintiff. The point involved was whether a person holding stock paid up, or a person to whom such stock had been assigned, was liable. The court holds that he is.

AVAILON RAILROAD. The Banning Company has been awarded a franchise for a railroad to run

time, and early in the morning Bell burglarized his friend's room. Judge Smith sent Bell to the State's Prison for two years.

ORLANDO'S DAY. SENTENCE FOR MISDEMEANOR. "Salut" Orlando Fitzsimmons, he of odious Cumulative Credit Co. fame, with his brother officers in the company, Neighbors and Arnett, will appear before Judge Wilbur in the United States Court tomorrow for sentence. The maximum penalty provided by law for the offenses on which these men have been found guilty—the use of a lottery scheme—is a year's imprisonment in the county jail, or a fine of \$1000, or both, on each count. In the case where Fitzsimmons stood an individual trial in the instant case of his company, in the case where he stood trial with Neighbors and Arnett, there were two counts, and the maximum penalty was imposed, the only "Salut" Orlando would find himself up against eight years' imprisonment and a fine of \$800.

FOR BETTER ROADS.

Grand Jury Makes an Important Recommendation—Too Much Costly Repairing and No Building—Shot at Supervisor Graham.

THE county grand jury, after holding twenty-nine daily sessions and examining fifty-six witnesses, submitted its report to Judge York, Department Three of the Superior Court, yesterday. The most important recommendation is that pertaining to the betterment of the public roads of Los Angeles county, attention being called to the results of the main building, and the need for repairs and maintenance.

The grand jury, in its report, recommended that the county should be supplied with new text-books, many of those now in use being in a very dilapidated condition. It also recommended that the county should be supplied with new text-books, many of those now in use being in a very dilapidated condition.

From what we can learn of the history of those discharged from the school, the moral effect on their character is somewhat disappointing, and the object of the establishment of the school seems hardly to be attained.

PUBLIC BUILDINGS. All the theaters and public places were found to be as safely equipped as it is practical, with the exception of Fisher's. Of this the jury said: "We find Fisher's Theater, located at No. 119 West First street, to be very poorly provided for means of escape in case of panic, and we believe that the management should be closed up, less the management provide better means of escape in case of panic. Practically there is no way of getting out of this building except through the front door, and in a business-like manner, in the event of a panic, the management would be so congested as to cause great damage, and that it is a menace to public safety."

COUNTY FARM AND HOSPITAL. We find that the affairs at the County

POMONA'S FOND DREAM OPPOSED.

SAN BERNARDINO WILL FIGHT AGAINST NEW COUNTY.

Plan to Slice Off Large Piece of Her Territory Not to Her Liking and Committee Begins Active Work to Defeat It—Miles of Mountain Roads.

San Bernardino, Oct. 3.—[Exclusive Dispatch.] County division was discussed by the County Supervisors this afternoon with reference to Pomona's dream of slicing off the richest section of this county and making herself a county seat.

Superior Reid, of Cucamonga, suggested organizing a committee consisting of two representatives each from Redlands, San Bernardino, Ontario and Upland, with the three Supervisors to consider the subject, and then call on Pomona with ultimatums that she must visit this county alone. He would finally visit Covina and Azusa, lastly addressing the citizens of Los Angeles. Dr. Reid declared that this fall would see a hard fight for the organization of a new county.

NEW MOUNTAIN ROADS. R. H. Sweeney was awarded a contract this afternoon by the Arrowhead Reservoir Company to construct fourteen miles of roadway on the mountains. One section, to be known as Lake drive, begins at the junction of the divide between Grass Valley and will be three and three quarter miles long, another section runs from Sequel Inn to Strawberry Flats. These roads are necessary to convey supplies to the Grass Valley Hotel. The work will cost about \$16,000.

SEEKS HER DAUGHTER.

Habeas corpus proceedings were commenced today before Judge F. P. Oster by Mrs. Louise Fennore of Riverside to compel Henry Lague to release her 13-year-old daughter Ada, who she says was confined to the Riverside home last August by Lague, and since then has been kept in confinement at the latter's home at Highgrove. A hearing of the petition was set for Thursday.

TO EVICT POSTMISTRESS.

The officers of Hesperia are facing a peculiar proposition. Justice E. L. Miller having rendered judgment of eviction against Postmistress A. E. Farrell, and placed an order in the hands of his constable to execute the judgment. This involves upon the constable the uncertain duty of throwing Uncle Sam's mail, postage and other property from the building. The constable has been seized with something more than stage fright in the contemplation of his risky duty.

It seems that the postmaster at Hesperia died about five months ago, and the citizens argued upon Mrs. Farrell the office for the unexpired term. Principal among those who insisted upon this was White, local agent for the Hesperia Land and Water Company.

The postoffice was located in a little shanty belonging to the company, which was leased for the purpose at the rate of \$2 per month. Mrs. Farrell, who is a widow, and Agent White fell out, and he raised the rent of the shanty to \$25 monthly, which the postmistress refused to pay.

White commenced ejectment proceedings in the Justice court. Postmistress Farrell retained Attorney J. W. Stephenson of this city, who advised her to pay the late mail, and to summon, which fixed the time of hearing for yesterday, and she failing to appear, the court gave judgment against her, and placed an order into the hands of the constable to remove her from the premises of Uncle Sam's property, box and baggage.

But the constable is a cautious man. He waited the coming of the morning and hurried to San Bernardino to consult with the district attorney, who was not willing to take such a serious matter off-hand. In the meantime the postmistress has communicated with the United States marshal, and at the same time the office will be protected by Deputy United States Marshal.

ADMITTED TO THE BAR.

Walter D. Cole, a graduate of the law department of the University of Michigan, and member of a prominent local family, who has been doing newspaper work here during the summer, was admitted to practice at Los Angeles yesterday, before the Superior Court, Appellate and Supreme Courts of the State.

ORDINANCE TURNED DOWN.

The City Council last night turned down the ordinance drafted by the City Attorney for the regulation of the sale of liquor by restaurants, the ordinance as drawn making it possible for the restaurants to continue to maintain little booths, which are put down among the worst evils the city has ever known. Mayor Barton, and Councilmen Carson, Wren and Stephens were strong in their denunciation of these places. The council adopted a resolution to advertise for bids for taking care of the city sewage water.

MAY BUILD A DEPOT.

A rumor is current that the Salt Lake road will build a passenger and freight depot in lower Third street, in order to avoid the present traffic arrangements with the Southern Pacific, which makes it impossible for the Salt Lake to handle any of the local freight or passenger traffic for near-by towns. The rumor is denied by Salt Lake officials here, though it is known that surveys have been active in the locality named for several days.

COLTON.

COLTON, Oct. 3.—The marriage of R. Clement Woodburn and Miss Edith Farch took place Sunday at the home of the bride's parents, Mr. and Mrs. J. Farch, Rev. C. R. Moore, pastor of the Christian Church, officiated. The wedding march was played by Miss Adele Fraser, Mr. and Mrs. Woodburn will live in Riverside.

CORONA.

CORONA, Oct. 3.—After a two weeks illness Laura J. Adams wife of Charles F. Adams died Sunday aged 39. The funeral services were held at the Christian Church yesterday afternoon by Revs. Sanford and Marsh, the Rev. Deak of which Mrs. Adams was a member, attending in a body. Mrs. Adams, who was a native of

A sister of Mrs. Adams when she had been several years, arrived with her husband from the East last evening and, not having heard of her illness, was prostrated when told of the death.

CIRCLE CITY CURVES.

D. W. Walkinshaw has sold his twenty-five-acre tract of alfalfa just north-east of the depot with a twenty horse power pumping plant, a seventy-inch flow of water, a seven-room house and fourteen cows to Albert Kwasigroch of Los Angeles. Price stated \$2000.

S. L. Bloom has awarded an \$800 contract for each and doors went to W. P. Fuller of Los Angeles.

The Board of Trade is negotiating a \$100,000 bond for the purpose of buying a city hall site and the local gas and electric light plant, erecting a water tower and securing a municipal water system.

Mountain fires were raging in Biler's Canyon and Anna Mountains Sunday and Monday.

Albert Stempier is critically ill, the result of a splinter.

The first meeting of "The Sight Seers," a literary travel club of Congressional young people, was held in the church at Riverside, where Miss Grace Taber, Rolla Walters and Joyce Dracall conducted the party through the Forest Park and Yellowstone National Park.

D. D. Grant of Burlington, Ia., is with his brother, L. R. Grant.

Mrs. E. S. Whitman of London, Ontario, has come to spend a year with her brother, T. C. Andrews and family.

The Temescal Water Company is having a new survey made of its right of way from Elsinore to Riverside, which will be incorporated in the map of the company's pipe line and water system.

The postoffice was located in a little shanty belonging to the company, which was leased for the purpose at the rate of \$2 per month. Mrs. Farrell, who is a widow, and Agent White fell out, and he raised the rent of the shanty to \$25 monthly, which the postmistress refused to pay.

White commenced ejectment proceedings in the Justice court. Postmistress Farrell retained Attorney J. W. Stephenson of this city, who advised her to pay the late mail, and to summon, which fixed the time of hearing for yesterday, and she failing to appear, the court gave judgment against her, and placed an order into the hands of the constable to remove her from the premises of Uncle Sam's property, box and baggage.

But the constable is a cautious man. He waited the coming of the morning and hurried to San Bernardino to consult with the district attorney, who was not willing to take such a serious matter off-hand. In the meantime the postmistress has communicated with the United States marshal, and at the same time the office will be protected by Deputy United States Marshal.

ADMITTED TO THE BAR.

Walter D. Cole, a graduate of the law department of the University of Michigan, and member of a prominent local family, who has been doing newspaper work here during the summer, was admitted to practice at Los Angeles yesterday, before the Superior Court, Appellate and Supreme Courts of the State.

ORDINANCE TURNED DOWN.

The City Council last night turned down the ordinance drafted by the City Attorney for the regulation of the sale of liquor by restaurants, the ordinance as drawn making it possible for the restaurants to continue to maintain little booths, which are put down among the worst evils the city has ever known. Mayor Barton, and Councilmen Carson, Wren and Stephens were strong in their denunciation of these places. The council adopted a resolution to advertise for bids for taking care of the city sewage water.

MAY BUILD A DEPOT.

A rumor is current that the Salt Lake road will build a passenger and freight depot in lower Third street, in order to avoid the present traffic arrangements with the Southern Pacific, which makes it impossible for the Salt Lake to handle any of the local freight or passenger traffic for near-by towns. The rumor is denied by Salt Lake officials here, though it is known that surveys have been active in the locality named for several days.

A hearing of the petition was set for Thursday.

TO EVICT POSTMISTRESS.

The officers of Hesperia are facing a peculiar proposition. Justice E. L. Miller having rendered judgment of eviction against Postmistress A. E. Farrell, and placed an order in the hands of his constable to execute the judgment. This involves upon the constable the uncertain duty of throwing Uncle Sam's mail, postage and other property from the building. The constable has been seized with something more than stage fright in the contemplation of his risky duty.

It seems that the postmaster at Hesperia died about five months ago, and the citizens argued upon Mrs. Farrell the office for the unexpired term. Principal among those who insisted upon this was White, local agent for the Hesperia Land and Water Company.

The postoffice was located in a little shanty belonging to the company, which was leased for the purpose at the rate of \$2 per month. Mrs. Farrell, who is a widow, and Agent White fell out, and he raised the rent of the shanty to \$25 monthly, which the postmistress refused to pay.

VENTURA.

FIGHT ON OVER CLUBHOUSE.

VENTURA, Oct. 3.—The Satcoy Clubhouse will not be open to Ventura if Mrs. Fred Butcher, the president of the Satcoy Clubhouse Association, has her way, but she admits that she is in a minority and that she will have an uphill fight to prevent its removal. Mrs. Butcher was in this city yesterday investigating the report that the clubhouse in her town had been opened to the Women's Clubhouse Association of this city. She learned of the truth of the report and that Mrs. T. Fitzpatrick of the Satcoy Association was the party who had made the offer of the clubhouse to the Ventura ladies.

Mrs. Butcher was highly indignant over the affair and said she would go all in her power to prevent the consummation of the scheme. Fitzpatrick, who has long been recognized as leader in affairs at Satcoy, "And I am proud of the Satcoy Association and was never consulted about the matter and knew nothing about it," she said. "I saw it in the paper. Think of it! From inquiry it appears that the other three ladies on the board of directors are the moving force in this matter. The other members are Mrs. Fitzpatrick, Mrs. Mitchell, Mrs. White and Mrs. Mitchell. I know, though, that the people of Satcoy and vicinity will back me in my efforts to keep out of this matter. They will never let the building be moved away. It is true that we have had considerable opposition to the clubhouse, but the national Church people in the running of the clubhouse, because we kept it open to all, and the people here have been a good deal of trouble in getting it to give the men who patronized it the use of the library. The people who were opposed to it do not know. I do know, as president, that the clubhouse has been a good thing for the community and that it has paid, since we now own but \$700 of the \$2000 which it took to build it. All the people here build it and for Satcoy, not for Ventura. I do not think it will ever be moved, and if it is moved, I am going to do my best to see that it is not transferred to Ventura or to any other town. It would be outrageous to take it from us."

The episode promises a bitter fight between the Fitzpatrick and Butcher families, and both are strong in the Satcoy district.

REAL ESTATE RECORD TEMPLE CORNER SPECULATION.

HUNDRED AND TEN THOUSAND
REPORTED PRICE.

Deal Made Yesterday on North Broadway—Ninth and Olive Streets—Eighty-four Thousand—Sale of Hill and Sixteenth Properties in City and Country.

The sale of the southwest corner of Broadway and Temple streets has been made by A. T. Jergins & Co. for the California Nebraska Real Estate Company, to Ben Kingsback, S. S. Pederman and Berthold Baruch. The consideration named is \$110,000. The property has a frontage of 144 feet on Broadway, and 151 feet on Temple street, which makes a total frontage of 295 feet, and at the above consideration a rate of \$124 a front foot. This property was bought purely as a speculation, and there is no intention on the part of the purchasers to improve it at present.

Frank C. Blume and T. L. Patterson have sold to Dr. Charles H. Earle, No. 309-311 West Temple street, improved with a two-story brick building, nominal value, for \$11,000. The lot has a frontage on Temple street of 30 feet and 150 feet on Broadway, adjoining the W.C.T.U. building.

Louis Brand has sold to C. A. Thomas and James H. Pollock, No. 1124-1126 West Pico street, improved with a two-story frame and pressed-brick building for \$12,000.

Philip Polman and Harry Berman have sold to M. M. Allen and Amelia B. Allen, No. 1124-1126 West Pico street, 240 feet south of Eighth; consideration \$23,500. A. T. Jergins & Co. made the deal.

H. E. McKee has sold to John Brink, the northeast corner of Olive and Ninth streets, unimproved. When Ninth street shall have been widened, the lot will be 165x165 feet. The consideration is \$4,000. The sale was made through W. I. Hollingsworth.

R. E. Garcia has sold to J. R. Price, the southwest corner of Hill and Sixteenth streets, 104x120 feet, for a consideration of \$25,500, or very nearly \$25 a foot. The property contains a frame church building occupied temporarily by the Third Presbyterian Church. This is the third time that same corner has been sold since July 1930. It was sold at that date for \$20,000 to the late Abraham J. Cohen, who resold it within fifteen days at an advance of \$6,000. The real estate was also at an advance of \$2,000.

H. G. Cotton & Co. report the following sales: H. G. Cotton, a lot 24x134 feet, with eight-room house at No. 1354 South Placentia street, for \$6,000. H. H. Cotton to Bowler & Noyes, the northeast corner of Washington and Burlington avenues, 105x125 feet, for \$15,000. The buyers have plans for a two-story brick building.

H. H. Cotton has sold through C. C. Tatum & Co. and H. G. Cotton & Co., twenty-one acres, located between Arlington and Placentia streets, fronting on Twenty-eighth street, which will be subdivided and placed on the market. The property is owned by H. G. Cotton & Co. The lots are to average 45x100 feet to alley. The streets will be graded, curbed and sidewalks laid. The lots sold from \$400 up, with suitable building restrictions.

John B. Newert and Edna Newert have sold to S. F. Stewart of Redlands their addition on the east of Holt avenue, which joins the Villa del Arroyo on the east, and fronts on Holt avenue. There are nineteen lots in this addition. Each lot is 50x125 feet to 34-foot alley and a 52-foot street between the property, which is improved with a new modern frame cottage and large barn. A free water right goes with each lot. The price was \$225 a lot. Mr. Stewart will improve the property.

L. Reichert has sold to Walter C. Griffin his five-acre orange grove three miles east of Pomona, improved with five-room cottage and barn; price \$4,500.

G. B. Link has sold his modern seven-room residence on West Fourth street, Pomona, to John Fisher; price \$25,000. These sales were made by Edward E. Gillen & Co.

In Sunday's "News" real estate section a list was reported sold by Mrs. Dorsey. It should have been by Miss J. L. R. Dorsey.

Yesterday evening W. I. Hollingsworth left here for Portland by way of the Canadian Pacific. He will go north through Seattle, and East over the Great Northern. While in the East he will visit all the principal cities of the country, and study real-estate conditions in each. He will be away about thirty days.

D. A. Hamberger, president of the Hamberger Realty Trust, left yesterday afternoon for San Francisco and Portland. He may go East from there, and be gone a month.

OUTING AT GRAND CANYON.
Traffic Agents from All Over California to be Guests of the Santa Fe.

The members of the Pacific Coast Association of Traffic Agents, comprising representatives of practically all transportation lines doing business in California, are to have a pleasure jaunt to the Grand Cañon of Arizona. The Santa Fe officials will be the hosts and will see to it that every member of the select party has the time of his life. Two special Pullman cars will carry the Los Angeles contingent, and will leave Los Angeles station Saturday morning at 7:30 a.m. At Baretto two or three additional private cars with the San Francisco members aboard will be picked up, and the train run as a special to the cañon. Arriving early Sunday morning, the railway men and their wives will be entertained at the El Tovar Hotel, will take mule-back trips to the gardens and river in the bottom of the cañon, and have no end of sight seeing until Tuesday morning, when the return trip will begin. The Los Angeles party will arrive home Wednesday morning about 6:30 p.m.

In the Southern California party will be: Mr. and Mrs. N. R. Martin, chairman of district No. 1 and district passenger agent Southern Pacific; Charles H. THE OIL INDUSTRY. RUNNING OIL TO TIDEWATER.

STANDARD OPERATING ITS PIPE
LINE BY GRAVITY.

Branches Will be Built to Independent Properties—Union is Pumping and Drilling Hard to Get More Production for Foreign Markets. Associated's Coast Property.

The Standard has been running oil through its pipe line at Santa Maria for the past week. By laying the line in such a way as to have a down grade practically all the way to the sea, it is possible to run the oil by gravity instead of pumping, as the Union is doing. Branch lines are to be put in at once to the Kaiser, New Pennsylvania and Hall properties with a view to contracting for the oil.

The Union is evidently finding a market for all it can produce, as it is running about a score of strings of tools in its efforts to increase its output and on the pipe line pumps are running at their full capacity twenty-four hours a day. It is said that considerable oil is to be sent abroad.

The Associated, or Recruit, as it is known in the coast fields, is doing a great deal of drilling, but from state-ments of those who have recently visited the district, it is not getting any production worth mentioning. Its territory is mostly outside of the best proven ground. Unless it meets with more success in the future than it has in the past it is not likely to do any very large business in Santa Maria.

KERN RIVER'S OUTPUT.
The production of the Kern River field for September is estimated by independent at about 35,000 barrels a day, which is near the average for several months past, and a heavy decrease over the same time last year, thus showing that the storage accumulated at the field by the Associated, in the result of the heavy production of the Amalgamated property and of the oil purchased under contract at Coal-hill, not of any increased output at Kern River. Last year the output of Kern River was as high as 50,000 barrels a day during at least a part of the year or over 47,000 barrels a day average for the year.

The transfer of F. B. Henderson from his position as superintendent at Kern River to that of general manager of the Amalgamated in this city, is another evidence of the importance which the Associated attaches to the local field which is declared to be the best property it has. By General Manager Foster the output has been estimated at 16,000 barrels a day. While some think this an overestimate, it is not very far from the general oil situation in California, as it is admitted and known absolutely that the output is being marketed and none is being stored. As the storage in other southern fields is limited, it is plain that there is no overproduction to speak of south of Tehachapi. From careful estimates of consumption, based largely upon investigation by The Times in this city and vicinity, it may be said that the present consumption is ample to take

care of any output the Amalgamated may have and the company's estimate may be easily accounted for.

NOTHING DONE YET.
[BY DIRECT WIRE TO THE TIMES.]
BAKERSFIELD, Oct. 3.—[Exclusive Dispatch.] Representatives of the oil companies included in the Independent Oil Producers' Agency, were in attendance at the regular meeting of the agency at the offices in the Kern River field today.

Every company in the association was represented at the meeting, but if any important action had been taken since the afternoon meeting was given out. It was definitely stated at that time that the matter of the contract with the Associated had not yet been discussed and that no action of any character had been taken in connection with it.

STANDARD OPERATING ITS PIPE
LINE BY GRAVITY.

Branches Will be Built to Independent Properties—Union is Pumping and Drilling Hard to Get More Production for Foreign Markets. Associated's Coast Property.

The Standard has been running oil through its pipe line at Santa Maria for the past week. By laying the line in such a way as to have a down grade practically all the way to the sea, it is possible to run the oil by gravity instead of pumping, as the Union is doing. Branch lines are to be put in at once to the Kaiser, New Pennsylvania and Hall properties with a view to contracting for the oil.

The Union is evidently finding a market for all it can produce, as it is running about a score of strings of tools in its efforts to increase its output and on the pipe line pumps are running at their full capacity twenty-four hours a day. It is said that considerable oil is to be sent abroad.

The Associated, or Recruit, as it is known in the coast fields, is doing a great deal of drilling, but from state-ments of those who have recently visited the district, it is not getting any production worth mentioning. Its territory is mostly outside of the best proven ground. Unless it meets with more success in the future than it has in the past it is not likely to do any very large business in Santa Maria.

KERN RIVER'S OUTPUT.
The production of the Kern River field for September is estimated by independent at about 35,000 barrels a day, which is near the average for several months past, and a heavy decrease over the same time last year, thus showing that the storage accumulated at the field by the Associated, in the result of the heavy production of the Amalgamated property and of the oil purchased under contract at Coal-hill, not of any increased output at Kern River. Last year the output of Kern River was as high as 50,000 barrels a day during at least a part of the year or over 47,000 barrels a day average for the year.

The transfer of F. B. Henderson from his position as superintendent at Kern River to that of general manager of the Amalgamated in this city, is another evidence of the importance which the Associated attaches to the local field which is declared to be the best property it has. By General Manager Foster the output has been estimated at 16,000 barrels a day. While some think this an overestimate, it is not very far from the general oil situation in California, as it is admitted and known absolutely that the output is being marketed and none is being stored. As the storage in other southern fields is limited, it is plain that there is no overproduction to speak of south of Tehachapi. From careful estimates of consumption, based largely upon investigation by The Times in this city and vicinity, it may be said that the present consumption is ample to take

STRANGER THAN FICTION

A Remedy Which Has Revolutionized the Treatment of Stomach Troubles.

The remedy is not heralded as a wonderful discovery nor yet a secret patent medicine, neither is it claimed to cure anything except dyspepsia, indigestion and stomach troubles with which nine out of ten suffer.

The remedy is in the form of pleasant tasting tablets or lozenges, containing vegetable and fruit essences, pure aseptic pepsin (government test), golden seal and diastase. The tablets are sold by druggists under the name of Stuart's Dyspepsia Tablets. Many interesting experiments to test the digestive power of Stuart's Tablets show that one grain of the active principle contained in them is sufficient to thoroughly digest 3000 grains of raw meat, eggs and other wholesome food.

Stuart's Tablets do not act upon the bowels like after-dinner pills and cheap cathartics, which simply irritate and inflame the intestines without having any effect whatever in digesting food or curing indigestion.

If the stomach can be rested and assisted in the work of digesting it will very soon recover its normal vigor, as no organ is so much abused and over-worked as the stomach.

This is the secret, if there is any secret, of the remarkable success of Stuart's Dyspepsia Tablets. Many people, not known a few years ago and now the most widely known of any treatment for stomach weakness.

This success has been secured entirely upon its merits as a digestive power and simple, because there can be no stomach trouble if the food is promptly digested.

Stuart's Dyspepsia Tablets act entirely on the food eaten, digesting it completely, so that it can be assimilated into blood, nerve and tissue. They cure dyspepsia, water brash, sour stomach, gas and bloating after meals, because they furnish the digestive power which weak stomachs lack and unless that lack is supplied it is useless to attempt to cure by the use of "tonics," "bills" and cathartics which have absolutely no digestive power.

Stuart's Dyspepsia Tablets are found at all drug stores, and the regular use of one or two of them after meals will demonstrate their merit better than any other argument.

INDEPENDENTS' MEETING.
[BY DIRECT WIRE TO THE TIMES.]
BAKERSFIELD, Oct. 3.—[Exclusive Dispatch.] Representatives of the oil companies included in the Independent Oil Producers' Agency, were in attendance at the regular meeting of the agency at the offices in the Kern River field today.

Every company in the association was represented at the meeting, but if any important action had been taken since the afternoon meeting was given out. It was definitely stated at that time that the matter of the contract with the Associated had not yet been discussed and that no action of any character had been taken in connection with it.

OUTING AT GRAND CANYON.
Traffic Agents from All Over California to be Guests of the Santa Fe.

The members of the Pacific Coast Association of Traffic Agents, comprising representatives of practically all transportation lines doing business in California, are to have a pleasure jaunt to the Grand Cañon of Arizona. The Santa Fe officials will be the hosts and will see to it that every member of the select party has the time of his life. Two special Pullman cars will carry the Los Angeles contingent, and will leave Los Angeles station Saturday morning at 7:30 a.m. At Baretto two or three additional private cars with the San Francisco members aboard will be picked up, and the train run as a special to the cañon. Arriving early Sunday morning, the railway men and their wives will be entertained at the El Tovar Hotel, will take mule-back trips to the gardens and river in the bottom of the cañon, and have no end of sight seeing until Tuesday morning, when the return trip will begin. The Los Angeles party will arrive home Wednesday morning about 6:30 p.m.

In the Southern California party will be: Mr. and Mrs. N. R. Martin, chairman of district No. 1 and district passenger agent Southern Pacific; Charles H.
